

BRIMBANK PARK RUNNING FESTIVAL

Presented by

2024

RUNNERS PRE RACE

INFORMATION PACK

PREPARED BY RACE DIRECTOR BRETT SAXON

Welcome and thank you for supporting the 11th running of the Brimbank Park Running Festival. We are very excited to continue providing opportunities to the local Brimbank Community and runners from all over to experience our great park. There is no doubt the weather controls how our park is presented and the recent heat waves have dried the park rapidly. The 2022 floods also created some challenges for Brimbank Park trails network. The floods caused damage to many trails and some remain closed for safety reasons, notably the river trail we normally use. This means our courses were modified in 2023 and the maps have been kept the same as 2023 to reflect the same courses for 2024. Our goal at Trailsplus is to provide a safe, friendly, encouraging opportunity for people to connect with trail running and enjoy the outdoors and our local parks, trails and mountains. Whether a first timer or experienced runner, we see everyone as an important individual on their own journey. Participants have several options to choose something that suits their level of fitness, ranging from 2km, 5km 10km 21.1km, 42.2km or 50km. One person achieving a 5km finish can be as equally challenging and rewarding as someone who finishes a 50km run. These are all great personal results, and we want to help you achieve them.

Since 2007 Brett and Trailsplus events have been supporting CanTeen, the organisation for young people living with Cancer. We have raised \$75,000 for charities since 2007.

Brimbank Park is a hidden location of the west on the Maribyrnong River. It hosts many joggers, cyclist and family fun activities. You will be sharing the track with these people on race day. I'm sure they will be intrigued by your efforts and commitment to run long or short distances. Please ensure the running community is well represented and respected by the way we conduct ourselves. You may find they walk two or three wide, please be patient and make your way past them safely and politely.

Most of all, come and have a safe and great day.

Thanks again for supporting the event.

PRESENTATIONS

Presentation will take place as soon as we can establish results for a race. But usually these are within 30min of the race winner finishing. Expected presentation times are shown in the Race Schedule section below. Please note they are expected times and may change.

Distance cutoff times

We generally do not enforce cutoff times, however we would prefer to know if you are likely to finish your event after 3pm as aid stations will be packed down. This should only ever apply to the 42km and 50km events as all others can be slow walked well before 3pm. So if you are a 42km or 50km runner that might take longer than 7 ½ hrs, please let us know at least 48hrs before the event and we will look to start you at 7:00am, conditions apply for early starters. Early starters are for slower runners only and exclude you from the podium as you should not be starting early if you can podium. Exception (example) if only 3 Females in 50km then we present podium to an early starter after considering times if required.

CAR PARKING

We will be using car parks A, B and C

Please follow the instructions of the Marshal who will direct you to the car park that is best for the event and the public at the time of your arrival.

We must not overflow any one car park and therefore it is important we spread ourselves across all of them as evenly as possible leaving room for the public. Please accept the marshals directions when advised which car park to use. You are coming for a run, so don't complain about having to walk an extra few hundred metres. Help us keep traffic moving steadily.

When walking to start please use paths and do not walk along roadways.

COURSE NOTES AND SAFETY

PROTECTING THE FUTURE OF THIS EVENT

The future ability to hold this event always depends totally on how we as a group conduct ourselves. Parks Victoria does not guarantee we can continue to hold this event. It only takes one complaint from a member of the public to jeopardise the events future. Please abide by the guidelines below to ensure the future of this event.

RESPECT OTHER PARK USERS

Do not startle people by charging up behind them, let them know you are coming, don't yell loudly, be respectful and pass by safely or take a wide birth, remember there will be small children and people with dogs. No doubt some on long leads that will want to run under your legs. They have just as much right to use the paths and trails as we do, so please respect them and be tolerant, try to predict what might happen as you approach and avoid any issues. They may be on the line you wish to take, if so, please pick another line even if it is a little longer then you had planned. Under no circumstances should a runner make contact with a member of the public not even the slightest contact brushing past them. They may be wearing earphones with music and not hear you coming, please be mindful of this when approaching them. The park is also a favourite spot for some

special needs groups and they may not understand how to keep themselves out of your way, please take care and be aware.

ENVIRONMENT

LEAVE NO TRACE

Do not leave any rubbish at all on the trail. It is very important that we don't drop rubbish or let rubbish get away from us at the aid station, particularly our Gel packets and tear off tabs. Please don't drop anything on the track, carry them with you to the aid station or drop in the bins provided.

REFUNDS

As per our refund policy, your entry fee is not refundable within 30 days or transferable to another person at any stage without confirmation from the race director and payment of a transfer fee. You may view the refund policy on your registration acknowledgement and the Trailsplus website (under Terms and Conditions).

HELPING RUNNERS IN NEED

It is requirement of entry to the event that you assist any runner in need of help, if you come across an injured or distressed runner please offer assistance or get assistance for them. Runner's health and safety is our number one priority. We will take into account the time (in regards to your finish time) you spend with a runner in need if you are then able to continue on with the event and finish.

PERSONAL BELONGINGS

If you intend to have valuables, please consider locking them in your car and out of sight. As this is a highly publicly accessible area and we cannot guarantee the security of your personal effects. There will be an area to place your bags but we strongly advise to secure your valuables, as we cannot watch over the bag area all the time. We do not provide security to watch your items, they are your responsibility.

DOGS IN THE PARK

Dogs are permitted on leads, you are welcome to bring your pooch along to join you in your event, but please ensure it is kept on a short lead and does not cause a hazard to other park users or participants.

IMPORTANT – runners with dogs are excluded from podium positions as the dog can provide assistance to the runner, if you are a fast runner and might podium best to leave pooch home.

MUSIC DEVICES

Whilst we understand many runners like to run with music, It is a requirement of our permit due to the non exclusive use of the track that **you always have one ear open to the surrounds**. It is also extremely important that you hear instructions from officials and warnings from other runners. Remember many runners will be offering you encouragement and so will supporters, so please consider how you may be able to hear and acknowledge the support you will receive. Also it is extremely important you are aware of your surrounds and other trail users. These may be other runners or cyclist warning you they are coming. Please understand and don't put organisers in the difficult position of disqualifying runners for breach of this rule. By breaching the rule, you also put the future of the event in jeopardy due to the potential risks and possible complaints from the public. You are with lots of people and in a great location, listen and enjoy the surroundings.

FINISH LINE

We have electronic chip timing on the start finish gantry with timing clocks and sometimes cameras recording the event all day. If fitted the cameras on the gantry will record the entire event, so make sure your finish looks good on film. Also try to avoid looking down and stopping your watch as you approach the finish line as we may have a photographer to snap your finish. We hope to take a finish line picture of you so cross the line with your arms raised and celebrate, then stop your watch 1 second later 😊

RACE NUMBERS – WE DO NOT POST THEM OUT

All participants must CHECK-IN AND COLLECT THEIR RACE BIB on race morning.

Please ensure your bib is clearly visible for the duration of the race.

COMPETITIONS

All distances from 2km to 50km will be awarded trophies to 1st, 2nd and 3rd place male and female. We don't have all our normal sponsors ready to go at the moment this year, but are hoping to have a couple of small gifts available for winners.

There is an overall team category too, whereby team members can combine their total Km's, it's not about speed it's about distance. So if 20 team members sign up for the 5km they earn

100 points, if another team signs up as 4 for the marathon they accumulate 168 points. (The team prize is the honour of winning)

If you need to leave before presentations and were a place winner, please be sure to collect your trophy from us.
