LOCAL WILDLIFE

Woodlands Historic Park is home to an incredible variety of native wildlife and conservation programs. As visitors to the park, we have a responsibility to respect and protect the animals that call this place home. During your flight you may encounter:

-  **Kangaroos**
-  **Living Legends** retired racehorses, enjoying their well-earned retirement in the park's historic paddocks.
-  **Eastern Barred Bandicoots**, one of Australia's most endangered native mammals and part of an internationally recognised conservation breeding and reintroduction program.
-  A wide variety of **native birds**, including raptors, parrots and waterbirds.

Please remember:

Slow down and give wildlife plenty of space.

Never feed or approach animals.

Stay on marked trails at all times.

Leave gates, fences and facilities exactly as you found them.

Take all rubbish with you and help us leave the park cleaner than we found it.

Remember...

You're not just running through a park, you've been invited into the home of some of Victoria's most remarkable wildlife.

Let's make sure they're still here for generations of runners to enjoy.    

Please remember...

You're visiting their home.

FINAL DESTINATION

There are no podiums every lap.

- Actually there will be some recognitions

There are no sprint finishes.

- Or maybe there will to beat the clock and start again

No one wins because they're the fastest.

- Just be stubborn and you might win

You simply keep making departures.

- Until on one else does

One after another.

- Simple as that

Until eventually...

Only one passenger remains on board.

CAPTAIN'S MESSAGE

Every event we create is about more than kilometres or times.
It's about discovering something you didn't know you were capable of.
Maybe your adventure finishes after 10km.
Maybe after 21km.
Maybe 50km.
Maybe 100km.
Or perhaps...
You'll still be boarding flights long after everyone else has landed.
However, your journey unfolds, we're honoured you've chosen to share it with us.
From all of us at **Trailsplus Airlines**, thank you for flying with us.
We can't wait to see...
How High You'll Fly.
